Property Description

Beautiful beachfront property on over 5 acres (12,739.42 sq. meters titled, 10,431.71 sq. meters Maritime Zone) includes 3 homes. Located about 15 minutes from the town of Puerto Jimenez, this stunning property is in the quiet little alcove of Guanabana in a small, private little expat neighborhood on the Osa Peninsula. These homes are nestled in secondary forest decades old, shaded in the afternoon by tall trees, the grounds landscaped and manicured. The beach is a mix, sandy at high tide, rocky with tide pools at low tide, with stunning views that sweep across the Golfo Dulce to take in the coastal mountains of the mainland across the water. MAIN HOME sleeps up to 6 people. It has two bedrooms, two baths and a private upstairs loft area. Built in 2006 by Brad Shenko, the home is open-air architecture and tailored to the tropics. It includes deep foundations, concrete construction, standing seam metal roof insulated against the heat and teak cathedral ceilings.
