## Property Description

This tropical modern inside-outside living house has a strong Scandinavian-inspired design. With a great clever layout, the white house bathes in natural light owing much to all the glass doors leading out to the generous-sized pool and terrace. Hardwood floors, air conditioning, and fans throughout, built-in spotlights, and custom-made furniture in teak and laurel wood. The kitchen has high-end appliances like a 5 meg oven, Bosch cooktop, hidden kitchen exhaust fan, and dishwasher. Countertops in white quartz. Bedrooms with high-quality mattresses, smart ventilation, and ample closet space. Attached carport and an easy-to-maintain garden. There is simply an attention to detail in every nook of this clean and elegant house. Bordering the property is a river acting as a wildlife corridor. From the pool and terrace, you regularly spot troops of Capuchin and Howler monkeys, flocks of Toucans, cheeky Pizotes, and even Tayras and Jaguarundis if you are lucky.
