Property Description

Great Lot inside a gated community just 5 minutes from Tamarindo Beach, Guanacaste. Tamarindo is one of the areas most developed and betterment of the country. Located just seven minutes from the beach in Tamarindo, this is your best opportunity to invest in this select segment of Real Estate Market in Costa Rica, which until recently was reserved only for large foreign investors. This Lot is offered at a fraction of the price of similar projects in the market. The lot is 100% flat with beautiful views of the mountains. This lot is particularly located next to one of the green areas inside of the project so it has more privacy and only one neighbor; it is also close but not next to the spectacular common areas... This gated community offers the best facilities and infrastructure for your enjoyment and comfort: • Guarded main entrance. • Beautiful landscaping. • Extensive paved streets and sidewalks.
