Property Description

Now here is an opportunity that is hard to pass up! 46 acres with 9 building sites, and pristine river frontage with access to a minimum of 7 waterfalls and several cascades and pools. Property is located along the southern pacific coastal town near Matapalo, just south of Quepos and Manuel Antonio National Park. Farm is within 15 minutes of some very nice beaches, and neighbors to Portasol development, and very close to Haciendas Matapalo, both very well master planned out residential communities. Property is well suited for either a residential project, or could be a great eco-resort type of project taking advantage of the river and waterfall access. Seller is motivated, and priced to sell!
