Property Description

You'll find your private retreat nestled in the mountains of Uvita, in Costa Ballena, at an elevation of 1,100 feet above sea level. As soon as you pull into the driveway of this lovely home you know that you have arrived someplace very special as your eyes take in the lush rainforest covered mountains, the beautiful tropical landscaping and serene views of the Pacific Ocean. Your breathing slows and you begin to relax; leaving behind the rest of the world.The living areas of the home are on the second floor to take advantage of the views and cooling breezes. The design is open, light and airy with tasteful furnishings and high ceilings. The newly remodeled kitchen takes center stage with porcelain counters, white washed teak cabinets, stainless steel appliances and counter seating where your guests can join you in the food preparation and fun. The covered porch reaches across the front of the home and is your private vantage point to view the three types of monkeys who cross in the jungle canopy in front of your property; as well as, toucans, sloths and parrots.
