Property Description

This 1100 M2 titled property is located in the town of Esterillos Oeste which is situated along the growing Central Pacific coast of Costa Rica. Located only 350 meters from the Beach, Natural Tidal Pools and World Class surf which made Esterillos Oeste a hotspot for many international travelers. The property is the last available lot in this highly sought after residential area where many homes have already been built by expats or families from San Jose. This property backs up to a future golf course and has Electric, Water and Cable services readily available. Given the size of the lot, one could build a spacious house with a pool and terrace and still have plenty of room for a garden. The combination of the sounds of the ocean, tropical breezes and verdant views of the jungle allow one to enjoy the tranquility of Costa Rica. Nature lovers will enjoy the abundance of wildlife such as Toucans, Scarlett Macaws, Wild Turkeys, Monkeys, Sloths, Iguanas and Pizotes which can be seen nearly every day.
