Property Description

This 11 acre wonder is conveniently located in the foothills of the coastal mountain range just south of Quepos/Manuel Antonio and north of Dominical. The land is accessed off the coast highway, and can be reached in 2 wheel drive a pleasant landscaped entry leading to the lot. There are 3 ample sized natural knolls climbing in elevation on the property all offering ocean views, and bordered on one side by healthy rainforest. There are 2 streams that flow along side and through the property. If you want the ocean view, and not the mountain climb, and have good location, privacy, and plenty of room to grow food supply, or have a small hobby farm, this checks the boxes, and could be the perfect match!
