Property Description

Welcome to #27 Altos De Flamingo, a colonial-style incredibly well built multi-use property consisting of a spacious 3 bedroom home with ocean view and a separate 1 bedroom apartment with a separate entrance. The 3 bedroom main home was built to the highest standards available back in 2007. Solid concrete block with reinforced rebar, abundance of local hard wood and exposed beams, granite counters throughout, hardwood kitchen cabinets, doors, door frames et al. As you enter the home, you are greeted by a corridor which leads to the open plan kitchen and living area with high ceilings and plenty of light provided by high-quality windows and sliding doors. This room is the centre of the house and leads to the outdoor dining area, patios and pool area. The kitchen has an electric stove and extractor fan built into the island. Surrounding this are the cabinets and worktop which is built around the stainless steel appliances.
