Property Description

This Hacienda is located in the Interamerican highway in the Guanacaste province, the fastest growing tourist region in Costa Rica. It is only 45 minutes from Liberia International Airport and 2 1/2 hours from Juan Santamaria International Airport in San Jose. As a first alternative, the various real estate properties that compose HLP are for sale as a whole (6,550 acres). Additionally, the Hacienda can be divided into 4 parts, and each part can be sold separately. Today, it is focused mainly on tilapia farming, cattle ranching, conventional rice and certified organic rice. However, because of its strategic location and characteristics, its true potential is for real estate development (for second homes) and for large scale ecotourism projects such as lodging, hiking, climbing, horse-back riding, canopying-zip lines, aerial tram, flora/fauna/bird watching, volcano visiting, hanging bridges, bungee jumping, water rafting, fishing, etc.
