Property Description

This completely self-sustaining high elevation property consists of a main home and cabin. The property overlooks the town of Rivas and sits at over 1,000 meters (3,200 feet) in altitude. The views of the surrounding mountains and sprawling valley below are spectacular. The property is fully sustainable with an artesian well supplying fresh water and solar panels and biodigester for gas and electricity. The main home has two floors plus a small apartment located under the first-floor deck. The first floor has a beautiful hardwood floor living area opening to a large deck with views. There is also a spacious kitchen and dining area. There are three bedrooms and a bath on the first floor. On the second floor you have the master bedroom with ensuite bathroom and deck. The main home also has a two-car covered carport. There is a camera security system installed. The cabin at the top of the property has two floors with kitchen, living and dining area on the first floor and large bedroom occupying the second.
