Property Description

Just above Montezuma, nestled inside the tranquil gated community of 25 acres is this beautiful solar energy home. The property hosts gorgeous ocean and jungle views and is less than a ten minute drive to the pristine beaches and quaint beachtown of Montezuma. The home is spread out over 3.5 acres of lush landscaped gardens. This property is unique in that it has three separate buildings that come together to create amazing indoor/outdoor living spaces with ample amounts of privacy. The high ceilings are designed with a vented roof to pull in the breeze from the sea. At the top of the property is one of the “casitas” which has one large spacious air conditioned bedroom, ensuite bathroom, walk-in closet, and sliding glass doors that open onto the terrace and over look the infinity pool and breathtaking views of the Pacific Ocean. The pool/lounge area has a 40-foot coralina stone terrace with outdoor shower and a wood burning pizza oven and grill.
