Property Description

Casas con Patio is a brand new complex that just finished in December 2021 a modern tropical architectural, and it is only a 5 minute walk to Playa Pelada, Nosara, Costa Rica. Casa con Patio is a complex of two separate houses and it is organized around a central courtyard. Each house features 2 private patios/courtyards ones which gives light to the interior spaces of each house. The architectural concept was created with the purpose creating the feeling that the houses were levitating above the gardens and that every space inside the house is illuminated throughout the day with natural light. Both units are 3 bedroom and 2 bathroom homes suitable for 6 people. The master bedroom has a private bathroom, that inside has a private patio designed to bring nature inside the house. The kitchen has a big area for storage and the U shaped working area to create a very functional social-working space, this social space has a double height ceiling and a cross natural ventilation system that keeps the area fresh without the need of AC.
