Property Description

Casa Plumeria is named after the fragrant plumeria or “frangipani” flower, renowned for its use in the perfume industry. This chic, fully renovated villa comprises 3 bedrooms and 3.5 baths. All the carpentry/woodwork is custom-made! The tile, in the half bath, outdoor staircase, garden, and outdoor shower were all handmade and designed for Casa Plumeria! Crate and Barrel was the decorating source for the dishware and magnificent marble dining room table. All of this adds to the experience because Casa Plumeria is being sold fully furnished and decorated. If you are looking to generate rental income, this attention to detail is sure to enhance income generation. Few rental income-producing properties show as well! On the upper floor are situated 1 king bedroom and a second bedroom with 2 double beds, each ensuite bathroom with a private rain shower. On this floor, you will also find a Murphy bunk bed and two desk/reading areas, ideal for those who need to work remotely.
