Property Description

This gorgeous tropical contemporary home is an absolute winner! Designed by renowned architect Laura Cristi, the striking built residence is located in a tranquil Tamarindo neighborhood making its open and exquisite design even more impressive. Shaped using raw custom form concrete slabs and gorgeous hardwoods throughout, the house has an open and cheerful ambiance that complements its breezy exterior to perfection as it brings in a flood of natural light and provides the right level of ventilation throughout the home. On the inside, one sees an open plan... the living, dining and kitchen area on the lower level that flows into the outdoor dining deck and pool area outside. Custom teak drawers & kitchen cabinets are complimented with rare black granite countertops that flow beautifully with the custom teak furniture in the living room. Also on the ground floor is the master bedroom with its own en-suite master bathroom.
