Property Description

Welcome to the jungle! Villa Vela is a brand new, contemporary tropical two-bedroom house where you can hear the soft roar of the ocean - only a two-minute walk away. With high teak and bamboo ceilings and louvered wooden screened windows throughout; the surrounding breeze and ceiling fans naturally cool the rooms. Each bedroom has its own personal AC unit. The master bedroom with a queen bed has an en-suite bathroom and an attached private outdoor shower. The second bedroom easily sleeps three, with a queen bed and lofted twin. The additional full bathroom is across the hall. Both bedrooms have sliding glass doors that open up and look out into the lush yard and pool area. The great room has a large seating area with a fan and provides a free-flowing indoor/outdoor living space, with the sliding glass doors opening onto the patio. On the patio (with a fan as well) are two lounge chairs with ottomans, along with a dinner table that seats six.
