Property Description

This extremely well-constructed home is truly special, with attention to every detail. There was no expense spared to create this custom-built, high-end home. When you arrive you'll see a spacious, single-story beautiful home surrounded by a lush landscape of organic fruit trees, coconut palms, and exotic tropical flowers. As you walk through the front door you'll be awed by the tall ceilings, exotic marble and granite masonry, and craftsmanship that went into building this newly completed home. After seeing the airy, commercial-grade kitchen, you'll see two high-ceiling bedrooms, and two stunning custom tile and marble bathrooms. When you exit the Colonial-style steel doors your eyes will focus on the magnificent outdoor shower complex, with an exterior rinse station and interior dual showerheads. Imagine yourself in an extremely private, rural setting, yet minutes away from anywhere you may need or want to go.
