Property Description

Casa Colibri is one of our newest and most sought-after listings. This beachfront gem is set on the Northridge of Playa Flamingo, only minutes away from the brand new \$50M Flamingo Marina. Titled beachfront property is a true rarity in Costa Rica. With less than 5% of beachfront property being titled, this home enters the national gold standard of luxury. Apart from the stunning views and secluded access to a private beach, Colibri offers comfortable luxury without overlooking the raw beauty that Costa Rica has to offer. Boasting floor-to-ceiling oceanviews, authentic Costa Rican hardwood ceilings, and lush vegetation on either side of the property, this oasis is the pinnacle of private enjoyment in paradise. This 4 bedroom, 3000 sq ft home, features an open concept main room where the kitchen, living area, and terrace unite encouraging fresh ocean breezes and plenty of natural light. Facing North East, the sunrise is one of the many spectacles that is witnessed daily from all living spaces and bedrooms.
