Property Description

Villa Los Mangos is a boutique development located in one of the most peaceful corners of Playas del Coco, boasting a unique sense of privacy, charm, and tranquility. The property consists of four ready-to-build villas only 400 meters away from the northern side of the beach, an area known for its calm waters and exclusive beach clubs. Each unit was designed to make the most out of the surrounding views and all-encompassing nature. The terrain itself was landscaped to create the utmost privacy, while the property's finishes give it a unique and relaxed vibe through modern uses of local wood, stone countertops, glass walls, and exterior exposed metal beams. On the first floor of Villa Los Mangos, an open concept merges the large island kitchen, dining room, and living room into a great entertainment space that leads into a wonderful outer terrace, grill area, and private swimming pool. An oversized window offers splendid outdoor views while permeating the stairway that leads to the upper level with wondrous natural light.
